GRANITE ENGINEERING, LLC

SENIOR NE DELEGATE:  
KEVIN GARVEY PE  
CDM SMITH

JUNIOR NE DELEGATE:  
TREVOR YANDOW EIT  
MERIDIAN LAND SERVICES

I was lucky enough to have the opportunity to congratulate this year's Young Engineer of the Year (YEOY) and the Engineer of the Year (EOY) on their award along with Governor Sununu. Inside this edition we hear from the YEOY on his experience and a little bit about the Engineers week banquet. Both recipients were well deserving and very well spoken at the event. NHSPE handles the banquet and I am pleased to say I think it improves each year.

Coming up on the ASCE front, we have some new events to share with you. First up in March we will be having a Younger Members meeting at Boards and Brews in Manchester. The hope is to bring in some new energetic younger engineers to become the leaders of tomorrow, with each new generation comes great new ideas, and I personally can't wait to see what you all come up with. In April we will be hosting our first annual joint Maine-New Hampshire meeting. This event has been in the works for a couple of years now, and I am thrilled to say that it will be coming to fruition under my term as President. The joint meeting will be in Portsmouth at the Sheraton, additional details will be sent out via e-mail notification soon. I hope to see all of you there!

Don't forget ASCE-NH will be handing out over \$15,000 in scholarships this year. If you know of any NH students entering or continuing with an Engineering degree, please have them look at our scholarship opportunities here:

## SOMETHING TO THINK ABOUT

Duck Season – No Wabbit Season—Wait a minute ...  
MUD SEASON!!

We've all heard the sayings March-In like a lion, out like a lamb; and April showers bring May flowers, but in my house all that means is our Golden retriever is going to do her best chocolate lab impression. No, that photo is not actually my dog, because normally when Dolly comes in looking like that my wife and I are too busy discussing who's turn it is to clean her off, but believe you me, we have had several golden retrievers that have been in that condition or worse.

While we all complain about mud season (yours truly included) remember mud season also means maple sugar season, spring is close, and those individuals who suffer from Seasonal Affective Disorder (SAD) can see the light at the end of the tunnel. So next time your pooch, or child or other critter is about to wander into your house looking like the creature from the black lagoon, remember it's only temporary, and the most beautiful time of the year is just around the corner.
